Secrecy That Has Covered Operations in Eastern Arena Since Kaiser's Troops Began Advance on Warsaw Is Lifted-Enveloping Force Is Broken-Czar Loses Over Million of the Nation's Best Men.

London, Dec. 3 .- For the first time since the German advance on Warsaw was checked it was possible today to gain a clear idea of the military situation in the eastern theatre of war.

Both Berlin and Petrograd advices indicated that the Germans had thrown back the aussian enveloping force a d the Germans are undertaking an energetic offensive.

German military critics estimate the Russian losses in killed. wounded, prisoners and death from sickness at 1,100,000, or one third of the nation's best troops.

BELGIAN FUND GROWS AS STATE MAIL COMES

Oklahoma Citizens Responding Nobly to Call For Aid to Stricken People of Europe --- Telephone and Telegraph Companies Asked For Free Use of Wires to Help the Cause---Donations Are Said to Be Large.

The telephone and telegraph companies were asked this afternoon to donate their services for the transmission of messages relative to the relief of starving Belgians in war-ridden Europe. A sub-committee composed of George Sohlberg, Father Urban De Hasque and Frank Foltz were appointed by the State Belgian Relief committee, at a meeting held this morning, to call upon officials of these companies and ask them to donate the use of their wires for the relief

The meeting was held in the apartments at the Lee-Huckins hotel of Governor-elect R. L. Williams, who is chairman of the State Belgian Relief committee. Members of the committee called attention to the fact that in Kansas and Missouri the telephone and telegraph companies have donated the use of their wires to members of the relief committees of those states for messages relating strictly to the solicitation of funds and purchase and forwarding of supplies. It is hoped by members of the committee that the same corporations, which operate in Oklahoma will also give the committee in this state equal facilities. Free service is desired so that the expenses of the work of the committee may be reduced to the minimum, thus preserving practically the whole fund for the relief work.

LAW IS BROKEN SAYS MINE MAN

Because Inspection Department Had Not Complied With Regulations.

Denver. Dec. 3.-Because his department had not complied with the law, he did not feel like proceeding against mine foreman and fire bosses for negligence and other offenses against the Colorado mining code, said James Dulrympie, chief state fuspector of coal mines, at the second day's ON MAPS GIVEN SOLDIERS hearing in an investigation of the coal miners' strike, before the industrial

relations commission. Inspector Dairympie explained that according to the law, mine foremen and other executives should be certified men. They were not, because no examinations had been held, there being no fugds to defray expenses.

In the past, Dairymple said, the duty of enforcing the law was laid on the operators. Now it is laid on the of the working furce.
